Christmas Gifting

## BESPOKE GIFT BOXES

---

We stock a range of artisan gifts made by small brands and independent makers. 90% of our products come from the UK and the rest are carefully selected from like-minded makers around the world.

As part of our corporate gifting offer we can design bespoke gifts for your team based on budget and any specific needs.

Gifts can include ceramics, food and deli items, wine, candles and other goods from our stores or in some cases specially sourced for you and your team.

Each gift box will be carefully wrapped and hand written notes or greetings cards can also be included.

For orders of over 15 gifts sets we offer a 10% discount. For order over 30 we can offer 20% discount.

**Right: Coffee Set £60**
